Standing up for Animal Welfare

As a Westphalian family-run firm,
we know what we want!

We are proud to announce that we continually and demonstrably improve the standards of livestock husbandry in the conventional keeping of productive livestock. We are able to support the livestock's welfare, due to our choice of suppliers and our constant supervision.

Especially important are:

- ✓ Independent controls of husbandry conditions
- ✓ Short routes of transportation of the animals
- ✓ Safe slaughter, monitored by camera
- ✓ Constant improvement of the animals' health
- ✓ Monitoring medication

All of our meat suppliers are visited and audited by us personally, during these visits animal welfare is of great importance to us.

- For instance, in cooperation with our suppliers we already managed to decrease the time any living animal has to be transported.
- This subsequently means that the majority of the pigs, which we debone in-house, are only transported alive for 60 km.

More animal welfare ...

- ✓ more space
- ✓ more manipulable material
- ✓ more controls

Light cuisine

Intolerances to specific foodstuffs can occur whether in healthy persons or those with a digestive illness. This calls for a light balanced diet which differs from a normal balanced diet in terms of excluding foodstuffs or dishes that often trigger intolerances. It is also distinguished - despite these restrictions - by premium taste!

Schnitzel

Simply excellent and
irreplaceable

A classic with a satisfaction guarantee

To say schnitzel is to mean good meat. Pork loin, topside and turkey are all highly versatile. We turn them into schnitzel and cordon bleu, cooked or uncooked, but always in a crispy coating and with the finest seasonings. Titbits are perfect for those who like to snack, while a half pounder will satisfy anyone who is really hungry. Hot or cold, gratinated, au gratin or with fantastic sauces, schnitzel leaves plenty of space for creativity in the kitchen.

Turkey schnitzel and cordon bleu

Tastily breaded, safely served

Whether as schnitzel or turkey cordon bleu – it can be used anywhere: in school catering, day-care facilities for children, canteens, hospitals and, of course, catering. The turkey on its own or in combination with turkey ham and Gouda cheese that is free of E-numbers is a welcome alternative to conventional pork schnitzels and cordon bleus. Individually removable, quickly prepared and served – treat yourself and your guests to this savoury delight.

IQF - Sliced roast

No cutting in slices, no food leftovers and quick handling through IQF (individually quick frozen). Every slice can be removed individually: can a product be more perfect? The high quality, remarkable freshness, appearance, texture and taste convince every enthusiast of good food.

Few ingredients - lots of taste!

Crispy as no other!

The juicy, fresh meat comes from the Westphalian country pig and is carefully cut in-house. Perfectly seasoned and gently sous-vide cooked, it is crispy and delicious after roasting.
