Convenience with barley

For mindful enjoyment: Modern meat convenience with added value. Gerstoni® edible barley, as a minimally processed ingredient, noticeably increases the fiber content of convenience products while reducing the fat content – a nutritional benefit.

Gerstoni® uses only traditional breeding methods and no genetic engineering, making it a natural and sustainable ingredient:

- Barley cultivation does not release climate-damaging methane
- Growing it in Germany saves many kilometres of transportation

Standing up for Animal Welfare

As a Westphalian family-run firm, we know what we want!

We are proud to announce that we continually and demonstrably improve the standards of livestock husbandry in the conventional keeping of productive livestock. We are able to support the livestock's welfare, due to our choice of suppliers and our constant supervision.

Especially important are:

- ✓ Independent controls of husbandry conditions
- ✓ Short routes of transportation of the animals
- ✓ Safe slaughter, monitored by camera
- ✓ Constant improvement of the animals' health
- ✓ Monitoring medication

All of our meat suppliers are visited, audited and evaluated by us personally.

- For instance, in cooperation with our suppliers we already managed to decrease the time any living animal has to be transported.
- This subsequently means that the majority of the pigs, which we debone in-house, are only transported alive for 60 km.

More animal welfare ...

- ✓ more space
- ✓ more manipulable material
- ✓ more controls

Light cuisine

Intolerances to specific foodstuffs can occur whether in healthy persons or those with a digestive illness. This calls for a light balanced diet which differs from a normal balanced diet in terms of excluding foodstuffs or dishes that often trigger intolerances. It is also distinguished – despite these restrictions – by premium taste!

Poultry mince meatballs

16 g, 80 % poultry, fried, IQF

Great little meatballs: without onions, mildly seasoned and juicy & light to the bite.

Ideally suited for catering in schools and hospitals – e.g. prepared with (almost) no staff as a 'Viking stew' with a creamy sauce and peas & carrots.

Schnitzel

Simply excellent and irreplaceable

A classic with a satisfaction guarantee

To say schnitzel is to mean good meat. Pork loin, topside and turkey are all highly versatile. We turn them into schnitzel and cordon bleu, cooked or uncooked, but always in a crispy coating and with the finest seasonings. Titbits are perfect for those who like to snack, while a half pounder will satisfy anyone who is really hungry. Hot or cold, gratinated, au gratin or with fantastic sauces, schnitzel leaves plenty of space for creativity in the kitchen.
